

## WHY ATLAS?

- Innovative technology for the developers of our future.
- 21st century leadership skills in collaboration, communication, critical thinking, and creativity.
- Cross cultural community building to lead and succeed in a diverse and changing world.

The Academy of Technology and Leadership at Saticoy is a safe and nurturing environment where student leaders are developed. In partnership with our community, students gain self-confidence, learn responsibility and master critical thinking skills in preparation for lifelong learning in a technological and global society.

Empowering all scholars with  
personal leadership, rigorous  
academics, and innovative  
technology.

## Be the Leader in You

At ATLAS we believe everyone can be a leader. We integrate the 7 Habits of Happy Kids into a rigorous curriculum designed to develop the whole

Growing student leaders—one child at a time.

child. Our students participate in leadership roles from classroom to community. We set personal and school-wide goals, keep track of progress, and celebrate victories. Together with families and our commu-

nity we thrive in a culture of leadership and personal responsibility.

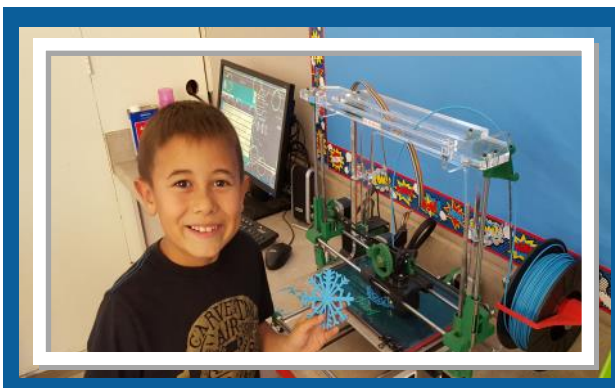

### 7 Habits

- \* Be Proactive
- \* Begin With the End in Mind
- \* Put First Things First
- \* Think Win-Win
- \* Seek First to Understand-  
Then to Be Understood
- \* Synergize
- \*Sharpen the Saw

## Technologically Savvy

Today's world is global and it moves fast. It is no longer enough to know how to utilize the latest device. Students must become fluent in the optimal use of technology to further learning. At A.T.L.A.S., we look to redesign the learning experience with 1:1 student devices in classrooms, a state-of-the-art computer lab, real-time feedback and assessments, computer science and coding lessons, interactive projectors, a student broadcasting team, and a MakerSpace including a 3D printer. Students engage daily with a variety of technology in order to communicate more deeply, think more critically, collaborate more effectively, and create more innovatively.

**Innovation distinguishes between a leader and a follower.**  
**Steve Jobs**

Every Wednesday, all students participate in LEAD Time, where they are grouped into six different ATLAS Star Constellations made up of 60 students. Students stay in the same constellation group for their 6 years at ATLAS to build lasting, cross-cultural relationships outside the classroom. Constellations participate in leadership, technology, team-building, physical education, and community outreach lessons.

**Leadership and learning are indispensable to each other.**  
**John F. Kennedy**
