**NOTICE OF TELECONFERENCE OPTIONS FOR MEETING**

**Notice posted March 20, 2020 @ 2:00 p.m.**

On March 12, 2020 and March 17, 2020, Governor Newsom issued Executive Orders N-25-20 and N-29-20 respectively in regards to the COVID-19 virus, which included provisions relating to the Brown Act in regard to local legislative bodies, such as school boards, holding meetings via teleconference. One of the stated reasons for issuing this Executive Order was to, "further efforts to control the spread of the virus and to reduce and minimize the risk of infection."

NOTICE IS HEREBY GIVEN that the Ventura Unified School District Board of Education regular meeting, scheduled for March 24, 2020, will be a teleconference meeting where one or more members of the Ventura Unified School District Board of Education will be attending the meeting via teleconference/video conference.

Members of the public will continue to have the right to observe and offer public comment at the public meeting, consistent with the public's rights of access and public comment otherwise provided for by the Bagley Keene Act and the Brown Act, at the physical location as agendized.

Physical Location: Ventura Adult and Continuing Education, Ron Halt Community Room  
5200 Valentine Road, Ventura, CA, 93003  
Open Session Time: 7:00 pm

**WELCOME TO THE  
VENTURA UNIFIED SCHOOL DISTRICT  
BOARD OF EDUCATION MEETING**

The Board of Education holds their meetings on the second and fourth Tuesdays of each month at 7:00 p.m.

The Board may consider and act on an agenda item in a different order or an item may be considered earlier or later than the estimated time. Additionally, discussion of the agenda items may be postponed to a future meeting.

Any individual with a disability, who requires reasonable accommodation to participate in a Board meeting, may request assistance by contacting the Superintendent's Office, 255 W. Stanley Ave., Suite 100, Ventura, CA 93001; (805) 641-5000 ext. 1014, fax (805) 653-7855.

**PUBLIC COMMENTS**

Public comments are welcomed and encouraged by the Board. A member of the public who would like to address the Board they will be encouraged to fill out a "Speaker Card" prior to the item being called, on the evening of the meeting. No additional speaker cards will be accepted after the item being called, on the evening of the meeting. As stated in Board Bylaw 9323, a person wishing to be heard by the Board shall first be recognized by the president and shall then proceed to comment as briefly as the subject permits. Individual speakers shall be allowed three minutes on any agenda item with a cumulative total of five minutes for all agenda items. The Board shall limit the total time for public input on each item to 20 minutes. With Board consent, the president may increase or decrease the time allowed for public presentation, depending on the topic and the number of persons wishing to be heard. The president may take a poll of speakers for or against a particular issue and may ask that additional persons speak only if they have something new to add. Also, speakers will not be allowed to give their time to other speakers. The Board is prohibited from taking action on any item that is not part of the published agenda.

**POSTING INFORMATION**

**2. Consideration of a Revised Course – Introduction to Digital Media Arts and Communication**

Educational Services is requesting a revision of an existing course as follows:

Course Title: **Introduction to Digital Media Arts and Communication**

Length of course: One year

Grade level: 9 - 12

Prerequisite: None

Current Type of Credit: Fine Arts

Revised Type of Credit: Fine or Applied Arts

Course Description: This course is an introductory study in media arts through an emphasis of two/three dimensional design and representation through film, photography and other digital media. The class is structured around completion of digital media arts applications that synthesize and demonstrate learning from the course of study, and that incorporate themes and topics explored in other fine art courses. Introduction to Digital Media Arts and Communication emphasizes the theories and elements of art and the principles of design, and their use and application in digital mediums to inform, persuade and entertain. Students will develop an appreciation for traditional and contemporary artistic expression as well as an understanding of the historical and contemporary role of video/film media as a means of communication in, and its influence upon, society and culture. Students will work individually and in collaborative groups to design, create, critique, and present two and three dimensional visual and digital media projects using technology and industry based software, including but not limited to Adobe Illustrator, Premier Pro, Photoshop, After Effects, Cinema 4D, Lightroom, Adobe Audition, and InDesign, all common in the professional world. In addition, they will develop their skills in critical thinking, problem solving, writing, analysis and presentation.

## Board Policy

### Bullying

BP 5131.2

#### Students

The Governing Board affirms the right of every student to attend a school that is safe and secure.

All persons are to be treated with dignity and respect; therefore, the district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. To that end, the school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur.

These policies and procedures must be disseminated annually to staff, students, and parents/guardians.

The district will not tolerate bullying or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. This includes but is not limited to bullying or harassment based on race, color, creed, national origin, **immigration status** ethnicity, gender, gender identity, gender expression, language, perceived or actual sexual orientation, physical or mental disability, political or religious ideology, physical appearance, or economic status, or association with a person or group with one or more of these actual or perceived characteristics. This policy applies to all acts while on school grounds, at a school sponsored-activity, while traveling to and from school, on a school bus, during any activity related to school attendance.

#### Definition

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, as defined, including, but not limited to, sexual harassment, hate violence, or harassment, threats, or intimidation—while on school grounds, at a school sponsored-activity, while traveling to and from school, on a school bus, during any activity related to school attendance—that typically has the effect or can reasonably be predicted to have the effect of placing a reasonable pupil, as defined, in fear or harm to that pupil's or those pupil's person or property, causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health causing a reasonable pupil to experience substantial interference with his or her academic performance, or causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by a school.

The electronic act is defined as the transmission of a communication, including, but necessarily limited to, a message, text, sound, or image, or a post on a social network Internet Web site, by

means of an electronic device, including, but not necessarily limited to, a telephone, wireless telephone or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- (i) A message, text, sound, or image.
- (ii) A post on a social network Internet Web site including, but not limited to:
  - a. Posting to or creating a burn page. "Burn page" means an Internet Web site created for the purpose of having one or more of the effects listed above
  - b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
  - c. Creating a false profile for the purpose of having one or more of the effects listed above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

"Reasonable pupil" is defined as a pupil, including, but not limited to, an exceptional needs pupil, who exercises care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs. (Education Code 48900(r))

The Board recognizes that some acts of bullying may be isolated and/or unintentional incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may indicate a larger pattern of bullying that require a response either at the classroom, school site, or district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of bullying may range from behavioral intervention and education up to and including suspension or expulsion.

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

In addition to the grounds specified in Education Code sections 48900, sections 48900.2, 48900.3, and 48900.4 provide additional authority to discipline a pupil in any of grades 4 to 12, inclusive for conduct that amounts to bullying. (Education Code 48900, 48900.2, 48900.3 and 48900.4)

#### Reporting Violations of this Policy

The principal or principal's designee at each school shall be responsible for receiving complaints alleging violations of this policy. All staff is expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of bullying or harassing

behavior, to immediately intervene, call for assistance, and report such incidents. The Board requires that staff follow district and school procedures for reporting alleged acts of bullying.

All other members of the school community, including students, parents/guardians, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. While submission of the report form is not required, the reporting party is encouraged to use the report form available from the principal of each school or at the district office. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on an anonymous report. Prompt and reasonable investigation of alleged acts of bullying is expected.

(cf. 5145.7 Harassment Grievance Procedure)

**(cf. 5145.13 Response to Immigration Enforcement)**

Students are expected to report all incidents of bullying, teasing, or other verbal or physical abuse. Any student who feels she/he is a victim of such behavior should immediately contact a teacher, counselor, principal, or staff person. If the student who was bullied believes the situation has not been remedied, she/he may file a complaint in accordance with district procedures. Students are to be informed annually of the process by which they may report bullying or harassment.

#### Retaliation is Prohibited

Retaliation against a student because the student has filed a bullying complaint or assisted or participated in a bullying or harassment investigation or proceeding is also prohibited.

Students who knowingly file false bullying or harassment complaints or give false statements in an investigation shall be subject to discipline by measures up to and including suspension and expulsion, as shall any student who is found to have retaliated against another in violation of this policy.

#### Confidentiality

An allegation of bullying and the results of the investigation shall be kept confidential to the extent reasonably possible.

Policy VENTURA UNIFIED SCHOOL DISTRICT

adopted: August 13, 2013 Ventura, California

**Need:** Introduction to Digital Media Arts and Communication is designed to meld fine-art, design, creative thinking and problem solving together into real world production. The end goal for students is creating artwork and design that is usable and visible throughout campus and eventually within the community. This will be the introductory course to a Career Technical Education (CTE) pathway.

**Assessment and Evaluation:** Students are assessed by their finished designs. Assignments are broken down into: Projects, exercises, vocabulary, and mastery assessment. Students are assessed through rubrics, peer-review, teacher assessment and self-assessment.

**Funding Sources:** School budget

**Resource Person(s):**  
**Ms. Rebecca Chandler, Chief Innovations Officer**  
 Dr. Danielle Cortes, Assistant Superintendent, Educational Services

**3. Consideration of a Revised Course – Advanced Digital Media Arts and Communications (DMAC)**

Educational Services is requesting a revision of an existing course as follows:

**Course Title:** Consideration of a Revised Course – Advanced Digital Media Arts and Communications (DMAC)

**Length of course:** One year

**Grade level:** 10 - 12

**Prerequisite:** Introduction to Digital Media Arts and Communication

**Current Type of Credit:** Applied Arts

**Revised Type of Credit:** Fine or Applied Arts

**Course Description:** This course is an advanced study in media arts with an emphasis of two/three dimensional design and representation through film, photography and other digital media. The class is structured around completion of digital media arts applications that synthesize and demonstrate learning from the course of study, and that incorporate themes and topics explored in other fine art courses. Advanced Digital Media Arts and Communications emphasizes the theories and elements of art and the principles of design, and their use and application in digital mediums to inform, persuade and entertain. Students will develop an appreciation for traditional and contemporary artistic expression as well as an understanding of the historical and contemporary role of video/film media as a means of communication in, and its influence upon, society and culture. Students will work individually and in collaborative groups to design, create, critique, and present two and three dimensional visual and digital media projects using technology and industry based software, including but not limited to Adobe Illustrator, Adobe Photoshop, Adobe Premiere, Garage Band, and iMovie, all common in the professional world. In addition, they will develop their skills in critical thinking, problem solving, writing, analysis and presentation.

Need: Advanced Digital Media Arts and Communications is designed to further meld fine-art, design, creative thinking and problem solving together into real world production. Students will continue what was started in D-MAC; creating artwork and design that is usable and visible throughout campus and within the community. D-MAC and Adv. D-MAC is designed to allow each student to use their creativity and design knowledge to produce work that showcases these skills.

Assessment and Evaluation: Students are assessed by their finished designs. Assignments are broken down into: Projects, exercises, vocabulary, and mastery assessment. Students are assessed through rubrics, peer-review, teacher assessment and self-assessment.

Funding Sources: School budget

Resource Person(s):  
**Ms. Rebecca Chandler, Chief Innovations Officer**

4. **Consideration of a Revised Course – CTE Intro to Product Innovation and Design**  
 Educational Services is requesting a revision of an existing course as follows. This course will replace Design Technology Survey (DTech), that is not aligned to industry standards and not UC A-G approved.

Current Course Title: **Design Technology Survey (DTech)**

Revised Course Title: **CTE Intro to Product Innovation and Design**

Length of course: One year

Grade level: 10

Prerequisite: Completion of 9<sup>th</sup> grade College and Career Seminar Course

Type of Credit: Applied Arts

Course Description: Career Technical Education (CTE) Intro to Product Innovation and Design is a one-year introductory level college preparation course, which integrates rigorous academic standards with the pathway standards in the Manufacturing and Product Development industry sector. Students are introduced to the design process as it relates to product innovation and development. They will explore how to identify a need, develop and research creative design solutions, and make a prototype that functions to solve a real world problem or need. Students will work collaboratively and engage in all phases of the design process through hands-on, project-based learning. This course provides a Career Technical Education pathway that is in high demand within the manufacturing sector, where students will learn both the acquiring and application of essential technical skills combined with core academic knowledge such as math, critical thinking, and communication skills.

**Need:** CTE Intro to Product Innovation and Design is a necessary component of the DTech pathway program at Foothill Technology High School. The students will be engaged in hands-on activities where they will learn the basics of design thinking, entrepreneurship, and prototyping. The students will also be exposed to potential career pathways in design/STEM through expert speakers and mentorships. The DTech course is necessary to fulfill CTE pathway requirement of two courses in a pathway.

**Assessment and Evaluation:** Students will be assessed after each major project/unit. They will build a professional portfolio throughout the year that will be assessed several times a semester during a practical product exhibition. They will also be accountable for attendance and class participation.

**5. Consideration of a Revised Course – Advanced Design Studio Honors**  
 Educational Services is requesting replacing ROP Honors Entrepreneurship currently being used with the course Advanced Design Studio Honors. Advanced Design Studio Honors is the same content, but UC A-G approved in the correct pathway.

**Current Course Title:** **ROP Honors Entrepreneurship**

**Revised Course Title:** **Advanced Design Studio Honors**

**Length of course:** One year

**Grade level:** 12

**Prerequisite:** DTech: Career Technical Education (CTE) Intro to Product Innovation and Design Member of the DTech Pathway or parent waiver

**Type of Credit:** Applied Arts

**Course Description:** Advanced Design Studio Honors models courses that revolve around the process of design thinking, creative inquiry, iterative modeling, critical evaluation and cyclical awareness. Students in Advanced Design Studio Honors will take on a challenge of their own formation. They will choose a project that addresses some problem which may range in scale, complexity and importance. Throughout the course students will engage with the design process, drafting and fabrication. Depending on subject and interest, students will also have the opportunity to develop their knowledge in the fields of structures, mechanisms, electronics and programming.

**Need:** This course is the capstone for the DTech Product Innovation and Design pathway. This course is required in order to have "completer" students in the pathway.

Assessment and Evaluation: At the finale of the course students will be required to present their work to an audience of their peers and experts. Students will need to have their completed product as well as all relevant drawings. In the presentation, students will need to articulate their position by fully detailing their proposal through the lens of the design process. Presentations will address all topics from units 1-5, specifically stating, what they did, how they did it and perhaps most importantly why they did it. Students will also need to critically assess their own level of success to provide a starting platform for additional feedback from their audience of peers and experts. The final presentation is meant to serve as a close to the year but not necessarily an abrupt conclusion to the student's work. Student should ultimately use it as a means for gathering critical thoughts to employ in future work.
