- Use the program from any computer connected to the internet.
- Supports Windows, Mac, iPads, and Android tablets (using an external keyboard).
- No need to install software updates.

A Training Program Customized for all Ages and Abilities

- Recommended age range: 3rd grade and up.
- Supports beginning typists as well as those who already have some skill and want to improve.
- Choose between different coaches, themes, and sound effects.
- Numerous options are available to customize the course to match the child's goals, age level, skill level, and specific needs.

Easy to Use

- If desired, an animated talking coach can guide your child through the training step by step. 12 coaches are available.
- Easy enough for younger children to understand, while offering training for those who already have some skill

Over 2500 Built-In Exercises

- Lessons to train specific fingers on the hand
- Lessons focusing on the home row, top row, and bottom row of the keyboard
- Longer typing tests designed to measure your speed
- Interesting trivia and famous quotations
- Jokes and humor, biographies, geography and world landmarks, world history, and much more!

Have Fun with Typing Games

- *Trivia Challenge* typing game is a great way to learn new facts, have fun, and practice typing all at once. Earn points for getting the correct answer and typing quickly. Thousands of questions are included, covering multiple categories, ages, and skill levels.
- *Goalie* is a fast-paced game with a soccer theme. As the goalie, type the words next to each ball to keep the balls from reaching the goal. Don't let too many balls get past you, or you are out of the game.
