2017-2018 School Health Screening Calendar -- Call if conflicts arise

Routine vision and hearing screenings are conducted in grades K, 2, 5, and 8. At the high school level, 10th grade hearing screening is waived. **Color screening** is conducted in Kdg (boys only) and for any other male student if health insert indicates color screening was missed. Also, includes students in the following categories: (1) Recipients of special education services (2) Out-of-state enrollees (3) New students when health insert indicates **routine** health screenings were missed (4) Parent/teacher referral (5) Students followed by health office staff. **A quiet location is necessary for hearing screening; a space at least 10 feet is required for vision screening plus room to move around and an area for a class of children to wait. School sites are responsible to designate an adequate screening area.**
